☐ ICU	☐ Patient Admin
☐ Inpatient Ward	☐ Readiness/SRP
☐ Immunizations	☐ UBO
☐ Other:	

9. COMMENTS: (Add'l notes, modification details, TDY return dates, Final Out date, etc.)

ELECTRONIC HEALTH RECORD - USER REGISTRATION

PRIVACY ACT OF 1974

Authority: 10 U.S.C, Section 3013.

Purpose: To authenticate that the individual is an authorized user or health care provider in the Electronic Health Record Application.

Routine users: Information may be disclosed outside of DoD agencies as outlined in AR 340-21, para 3-2 (Blanket Routine User)

Disclosure: Mandatory. Failure to provide required information may delay your access to the Electronic Health Record application.

PRIVACY ACT OF 1974

*** APPLICANT MUST READ AND SIGN ***

The purpose of this document is to verify that I have read and understood my responsibilities for safeguarding my access and the integrity of the Electronic Health Record (EHR).

The Privacy Act of 1974 imposes responsibilities to prevent misuse or compromise data concerning individuals. It has three main provisions:

- 1.CONFIDENTIALITY OF INFORMATION.** Most of the information within the EHR is sensitive, personal medical information. Only authorized people or agents are allowed to disclose this information.
- 2.DATA INTEGRITY.** Patient treatment decisions are made from the EHR information. Users of the system are responsible for ensuring that all data entered into the EHR is accurate.
- 3.DATA SECURITY.** The Privacy Act requires safeguards for confidential and secure records. This entails protective measures for preventing accidental or malicious alteration, destruction, or disclosure of PII/PHI that could affect medical care or the patient's privacy.

I am responsible for all of the following security related guidelines as laid down in DOD and DA directives. My access is unique to me. It **MUST BE KEPT CONFIDENTIAL**. Any action I make on the system may be audited by the EHR Database Administrator (DBA). I must memorize my PIN and will not make a written record of my PIN. If I suspect that someone else is using my password, I must change my password immediately and notify the EHR DBA.

I understand that I am specifically prohibited from using any other person's password. I understand that I am also prohibited from attempting to enter the system by guessing or randomly entering passwords.

I understand that my access to the EHR program does NOT, in and of itself, give me authority to disclose patient data to anyone.

I have read and understood the security guidelines given above and the necessity for safeguarding my password and the integrity of the EHR. I understand that if I divulge my password or information that is protected by the Privacy Act, I may be prosecuted under the Uniform Code of Military Justice or the United States Code (5 U. S. C., 552a (1)).

IMPORTANT --- NON-PROVIDER USERS --- IMPORTANT

As a user of the EHR application in a non-health care provider status, I am aware that the access level that I will be given may display a menu option for ordering medications. I have been advised of the command policy, which prohibits me from accessing this menu option. I also understand that I am not authorized under any circumstances to place medication orders in the EHR application.

I further acknowledge that violation of this policy will result in disciplinary action as set forth by the Commanding Officer, including immediate loss of access to the EHR application, possible dismissal and/or punishment under the Uniform Code of Military Justice

I certify that I have read and understand the Privacy Act statement above and furthermore, I declare that, to the best of my knowledge, the information provided in this application is true and accurate.

Applicant CAC Signature

I certify that, as the applicant's supervisor or designee, I have reviewed this application and confirm that the level of access requested is both necessary and appropriately aligns with the applicant's scope of work.
